NAZCA LINES TOUR FROM LIMA

Cessna Caravan - Pisco Airport

TOUR DESCRIPTION

05:00 h. Our tour begins early in the morning. Our driver picks you up from your hotel in Lima. Shortly after we head towards the City of Pisco, which is located 3 hours away from Lima. We travel on a private vehicle with a local guide who provides information along the road. Upon arrival at Pisco, we head to the local airport, located at the south of the city. We use a Caravan Cessna aircraft, which has a spacious room for 12 people, each person with a window seat. Our pilot will give each participant a Nazca Lines Map that will help you to recognize the figures from above.

Among the animals, we will see the representation of a whale, a monkey, a dog and many others. Likewise, you will see various birds, such as a condor, a hummingbird, and a heron, as large as 3 soccer fields. Perhaps the most striking figure of all, is the Astronaut, a strange creature with a large head and big eyes.

*“Explore by air a
desert shrouded in
Mystery”*

Unlike the other figures, the astronaut was drawn on a hillside and not on the surface of the desert.

Additionally, you will see hundreds of straight lines that crisscross the desert surface in all directions.

After the flight, you will have free time for lunch. Our guide will suggest a good restaurant near the beach in Paracas.

Finally, we will drive back to Lima. Upon arrival in Lima, our driver will drop you off at your hotel.
