Tour Tambo Colorado

“DISCOVER THE ORIGINS OF TAMBO COLORADO”

Step into history at Tambo Colorado, a remarkable site built during the heydays of the Inca empire. Named for its vibrant red “colorado” walls, this coastal marvel was a key hub for trade and control between the Andes and the coast. Unlike the stonework of the highlands, its adobe walls, once painted in red, yellow, and white showcase Inca ingenuity.

“TAMBO COLORADO: A WINDOW INTO THE INCA COASTAL EXPANSION”

As the Inca Empire expanded around 1450, they conquered coastal tribes, integrating them into their vast domain. The Peruvian coast, rich in resources, became a strategic region. Tambo Colorado, near the Pisco River, exemplifies their ingenuity—a control point and resting place for the Inca army and officials traveling between the Andes and the coast.

“A PLACE OF REST, STORAGE, AND STRATEGIC GENIUS”

Tambo Colorado was more than just a building—it was a vital part of the Inca Empire’s infrastructure. Positioned along the Qhapaq Ñan, it served as a rest stop for chasquis (Inca messengers), officials, soldiers, and high-ranking travelers. These tambos were also crucial storage hubs, safeguarding food, weapons, and supplies for emergencies.
